

The background features a complex network of white nodes and connecting lines, resembling a constellation or a data network. The nodes are of varying sizes and are connected by thin white lines, creating a web-like structure. The background color transitions from a deep purple at the top to a bright pink at the bottom. Scattered throughout the network are small, faint white dots.

Cliff's Edge

By Carolyn G. Hart

Cliff's Edge La

Married at fifteen to a man chosen by her father, Camilla has long since resigned herself to the role of dutiful and respectable wife. Hers is a loveless union, however; her husband, Decimus, has no interest in Camilla beyond the money, possessions, and social station she provides him. And then Camilla meets the good and gentle Marcus Julius Paulus and learns for the first time what it means to be cherished by a man. Despite her feelings for Marcus, Camilla would rather give up her true love and lasting happiness than bring scandal on her family. But when she learns of ambitious Decimus's despicable plan to gain favor with the emperor Caligula, Camilla knows she must free herself from her husband's clutches. Now she has become a liability and Decimus is determined to rid himself of the wife he has never loved without giving up either her money or family connections.

Liked the story. I'm more of a mystery & suspense reader. This seemed more romance, but still some twists & deceptions that made it a good read
