

The background features a complex network of white nodes and lines, resembling a constellation or a data network. The nodes are of varying sizes and are connected by thin white lines. The overall color scheme is a gradient from dark purple at the top to a bright pink at the bottom. The word "Jackson" is centered in the upper half of the image.

Sometimes it takes a new beginning

Caroline Carruthers thinks she buried her dreams along with the love of her life—until a stranger named Celeste dares her to chase a dream all on her own. Moving to Redemption, Texas, is chapter one in Caroline’s new life story. Opening a bookstore is the next. Finding love is the last thing on her mind as she settles into this new place called home. But when she meets a handsome, soulful man who’s also starting over, all bets are off.

Jackson

Jackson Hole

to reach a happily-ever-after

Jackson McBride came to Redemption looking only to find himself, not someone to love. Ever since his marriage ended, he's been bitter. Sure, he used to believe in love—he even has the old song lyrics to prove it—but the Jackson of today is all business. That is, until a beautiful young widow who's moved to town inspires a change of heart. Could it be that the myth of Redemption's healing magic is true—and Jackson and Caroline can find a second chance at a happy ending after all?

“A brilliant writer you’ll love creates a world you’ll never want to leave.” Susan Mallery, New York Times bestselling author

DNF @40%

I'm thinking this is a case of "it's me, not the book". I'm a first time Emily March reader and I've always wanted to give her a shot. Unfortunately, this book and the writing style in general just didn't work for me.

This reads much more like a women's fiction book than a romance and I wish I would've known that going in. Lots of talk about relatives, neighbors, their various past plights, lots of higher power, mysterious ways kind of talk. You get my drift. I kept hoping for an actual r DNF @40%

This reads much more like a women's fiction book than a romance and I wish I would've known that going in. Lots of talk about relatives, neighbors, their various past plights, lots of higher power, mysterious ways kind of talk. You get my drift. I kept hoping for an actual romance between Jackson and Caroline but at my stopping point, that didn't appear to be in the cards. My later skimming didn't pick up any romantic goodness, either. A clean read isn't my problem here, but a lack of any real romantic relationship is.

Though Jackson was not my jam, I'm guessing fans of Emily March will enjoy it.

Pretty good. Love/hate....

~~~~~

I got to check out a upcoming release for review and even though it is part of a series I had little difficulty following the story.

I have to say I was expecting a more from this book. Maybe from the cover I was expecting a little cowboy romance. After all Jackson was a hot number.

However, much of the book mainly revolved around Caroline and most of it was conversation. We learned about half of the people in the town; friends and relatives, and hones

I got to check out a upcoming release for review and even though it is part of a series I had little difficulty following the story.

I have to say I was expecting a more from this book. Maybe from the cover I was expecting a little cowboy romance. After all Jackson was a hot number.

However, much of the book mainly revolved around Caroline and most of it was conversation. We learned about half of the people in the town; friends and relatives, and honestly I wanted so much more. This read more as a women's fiction than a romance.

Don't get me wrong, there was large areas having to do with Jackson and his ex and daughter, but I wanted more of the love connection. I didn't want to read all the conversations about opening a B&B and squabbling about a name. I did get bored in quite a few sections of the story.

I enjoyed the overall theme but I really think the author missed the mark on the close connection between the main characters. I got distracted and lost in all of the extraneous conversations and we did not get the full affect of what a perfect matchup really feels like in a fabulous love story.

This is definitely what I would call a clean romance but go in knowing it may be read as a woman's fiction with an additional side of romance.

I'm bored. I don't care. Plus she's married and she loves her husband...what the feathers!?!?!?

Jackson

Jackson 5

This is the start of a spinoff series and the first book in the series and I could not be happier. I have loved everything Emily March has written and I Love d getting to know the residents of Redemption, Texas.

This is Jackson and Caroline's story and I loved these characters. This is a true second chance , next life chapter story with residents from this town and the previous Angel Falls town all making appearances !

Don't miss this great read !

Jackson is a lovely romance story. The two main characters are ideal for each other. Both are likeable, flawed and entertaining. The town of Redemption lends an atmosphere of charm. This is a well written thoughtful story with heart and characters you actually care about. Fun and light read. Thanks to NetGalley for an arc in exchange for an honest review.

Jackson

Jackson Ca

I received this ARC copy of Jackson from St. Martin's Press. This is my honest and voluntary review. Jackson is set for publication June 25, 2019.

Tome Tender Tour Post and Giveaway will be live June 17, 2019.

Reading this book, I was transported to Redemption, a small town in Texas. The scenes are so vivid that I could visualise the whole thing and the history attached to it.

Jackson is one of the three McBride cousins. They have just inherited a gem of a property in a magical canyon in Redemption. They get together to explore the prospects of this property and what they come up with is astounding.

Caroline is a widow who decides to write a new chapter in Redemption. A place where she had a short visit. Reading this book, I was transported to Redemption, a small town in Texas. The scenes are so vivid that I could visualise the whole thing and the history attached to it.

Jackson is one of the three McBride cousins. They have just inherited a gem of a property in a magical canyon in Redemption. They get together to explore the prospects of this property and what they come up with is astounding.

Caroline is a widow who decides to write a new chapter in Redemption. A place where she had a short visit before she was faced with a heartbreaking tragedy. However, she puts her big girl's panties on and decides that she has to move forward.

Jackson and Caroline have a brief meeting before she receives the most upsetting news. He treats her well and offers a helping hand even if they hardly know each other. When Caroline returns to Redemption to settle, she bumps into Jackson and they soon become friends. Even though neither of them is looking for love, there is an obvious attraction between them. Will Jackson's bitterness of his past outweigh their attraction or can they heal each other and restore their faith in love?

Even though Jackson is struggling with what's been dished out to him, he is very thoughtful and a perfect gentleman towards Caroline. There is a lapse where tragedy strikes, concerning his ex and his beloved daughter, but when he realises that he might have crossed a boundary, he sticks to his word and listens to his heart. Caroline is extremely patient and understanding even when doubts start to interfere with her common sense. There is a point when I thought that all was lost, but everything is turned around nicely to give a desirable and wonderful outcome. Despite all the heartaches, there are some light and fun moments. I loved this story even through the times when my heart was breaking. It's breathtaking!
