

The background features a complex network of white nodes and lines, resembling a constellation or a data network. The nodes are of varying sizes and are connected by thin white lines. The background color transitions from a deep purple at the top to a bright pink at the bottom. There are also several small, faint white dots scattered across the background.

The Summer Country

By Lauren Willig

The Summer Country By Lauren Willig

The New York Times bestselling historical novelist delivers her biggest, boldest, and most ambitious novel yet—a sweeping, dramatic Victorian epic of lost love, lies, jealousy, and rebellion set in colonial Barbados.

The Summer Country

The Summer Country Book

1854. From Bristol to Barbados. . . .

The Summer Country England

Emily Dawson has always been the poor cousin in a prosperous merchant clan—merely a vicar’s daughter, and a reform-minded vicar’s daughter, at that. Everyone knows that the family’s lucrative shipping business will go to her cousin, Adam, one day. But when her grandfather dies, Emily receives an unexpected inheritance: Peverills, a sugar plantation in Barbados—a plantation her grandfather never told anyone he owned.

This Summer Country Song

When Emily accompanies her cousin and his new wife to Barbados, she finds Peverills a burnt-out shell, reduced to ruins in 1816, when a rising of enslaved people sent the island up in flames. Rumors swirl around the derelict plantation; people whisper of ghosts.

The Best Summer Country Songs

Why would her practical-minded grandfather leave her a property in ruins? Why are the neighboring plantation owners, the Davenants, so eager to acquire Peverills—so eager that they invite Emily and her cousins to stay with them indefinitely? Emily finds herself bewitched by the beauty of the island even as she’s drawn into the personalities and politics of forty years before: a tangled history of clandestine love, heartbreaking betrayal, and a bold bid for freedom.

Home For The Summer Country Song

Lauren Willig's THE SUMMER COUNTRY is a sumptuous read, evoking M.M. Kaye's lush and sweeping tales of nineteenth century colonial life. Set in the island location of Barbados, Willig attains the ideal aim of the historical fiction genre: educating the reader about a little-known part of history while thoroughly engaging them in the stories of the characters. I read THE SUMMER COUNTRY slowly - doling out exquisite chapters one at a time - because there are too few books written today that harken back to that delicious way of storytelling that doesn't rush things just to keep up with modern trends. I would count this one as a new classic and encourage every reader who cares about quality writing to quickly add this one to their list of to-be-favorites. ...more

I want to thank Haper Collins for this ARC. I do love Historical novels but did find this one a little slow in the beginning. Trying to go back and forth from the year 1812 to the year 1854 Barbados and keep the characters straight was a tad tricky. But to Lauren Willig's writing skills I did become totally engrossed in this wonderful story. I would definitely recommend this book.

Single For The Summer Country Song

A run-down sugar plantation was the last thing Emily thought her uncle would leave to her, but Emily was thrilled about it even though her cousin wasn't.

Emily, her cousin, and his wife traveled to Barbados to meet a few people and to see the plantation.

We meet the family from 1812 and the opulence of their home, food, and life style and then turn to 1845 and meet "friends" of the family.

The connection between the time periods was smoothly done. I really liked how Ms. Willig ended one chapter A run-down sugar plantation was the last thing Emily thought her uncle would leave to her, but Emily was thrilled about it even though her cousin wasn't.

Emily, her cousin, and his wife traveled to Barbados to meet a few people and to see the plantation.

We meet the family from 1812 and the opulence of their home, food, and life style and then turn to 1845 and meet "friends" of the family.

The connection between the time periods was smoothly done. I really liked how Ms. Willig ended one chapter with a comment and started the next chapter with that comment but in a different time period.

Some of the characters were quite devious, and as the pages turned we find out there was more to the family than what was known or heard and something about the plantation and about the Davenant family that someone wanted to keep a secret.

Ms. Willig definitely knows how to use adjectives for describing the characters and settings with her beautiful prose. The characters are described and perfectly portrayed for the time periods.

It was as though I were right there immersed in the lives of the characters whether they were the wealthy or the indentured. I became attached to a few of the characters.

If you enjoy learning about past cultures, delving into life in another country and century, and finding out family secrets that were kept for years, THE SUMMER COUNTRY should be on your summer reading list.

You will definitely get a vocabulary work out. :)

THE SUMMER COUNTRY is another beautiful, enjoyable, well-researched read by Lauren Willig. 5/5

This book was given to me as an ARC by the publisher in exchange for an honest review. ...more

The Summer Country

I love the writing style of Ms. Willig. The flow of this story, I can't even explain the emotions I went through reading this. When those a-ha moments hit you and you're totally shocked! So many turns I did not see coming. Kept me on my toes and it was so hard to put down! I want more of these characters.

Thank you to Edelweiss for the ARC and giving me the chance to read for an honest review.

The Summer Assembly Scottish Country Dance

I was going to give this book a 1 star rating- i didnt like the characters or the story or the setting- then since i couldnt put it down i thought maybe it deserved a 2 star rating and then i finished it and discovered that i couldnt give it anything less than 5 stars for the feeling it left me with. A very good read!

Another amazing historical fiction from Lauren Willig, she never disappoints. This was a time and location I knew little about and the story kept me quickly turning page after page and not wanting to put it down. I felt totally immersed in colonial Barbados. and wanting some rum punch and needed a fan. 5 stars.
