

The background features a network diagram with white nodes and lines on a purple-to-pink gradient. The nodes are connected by thin white lines, forming a complex web. Some nodes are larger than others, and the overall structure is somewhat irregular and organic. The gradient transitions from a deep purple at the top to a bright pink at the bottom.

Cliff's Edge

By Meg Tilly

Cliff's Edge La

Meg Tilly returns with a second gripping romantic suspense novel set on the idyllic Solace Island in the Pacific Northwest.

Cliff's Edge Hotel

Eve Harris is all set to house-sit and run the bakery she shares with her sister while Maggie goes on her honeymoon, but there's one problem--the house is already occupied. By a movie star. He claims to be her brother-in-law's friend, and not only does he insist on staying, he also offers to help. Playing house has never been so tempting...

Cliff's Edge Book

Rhys Thomas is looking for a place to lie low after wrapping up his latest film, so when Luke offers up his house as a safe haven, Rhys sees the perfect opportunity for a little R & R. But rest is the last thing on his mind as he and Eve grow close.Â

Cliff's Edge Hayley Kiyoko Lyrics

But Eve and Rhys are not as alone as they think. And as danger trails Eve, it will take everything Rhys has to save the woman he loves.

This is a romance and suspense mystery, the second in a series on Solace Island from Meg Tilly. It is a engaging and lovely read, despite me not having read the first book. What I particularly enjoyed about it were the characters and the beautiful and arresting location of Solace Island in the Pacific Northwest. Eve and Maggie are two sisters, close to each other, who run the Intrepid Cafe and Bakery. It is Maggie that is the talented cook, whilst Eve helps in the cafe and runs it in terms of fi This is a romance and suspense mystery, the second in a series on Solace Island from Meg Tilly. It is a engaging and lovely read, despite me not having read the first book. What I particularly enjoyed about it were the characters and the beautiful and arresting location of Solace Island in the Pacific Northwest. Eve and Maggie are two sisters, close to each other, who run the Intrepid Cafe and Bakery. It is Maggie that is the talented cook, whilst Eve helps in the cafe and runs it in terms of finance and administration. Eve's real passion is her art, a field that she is visibly struggling to make her mark in, the only sales she has made is within her circle of family and friends. Her romantic life has been an arid desert for some time, she had a relationship with a musician, Levi, but he was into the rock star life of a stream of women, no commitment, and denigrated her artistic ambitions, all of which has made her wary of getting involved with any other man.

Thoroughly envious of her sister Maggie's fortune in finding and marrying a man, Luke, who she loves, Eve finds herself house sitting for them whilst they go on a well deserved holiday. Rhys Thomas is a famous actor and friend of Luke. He is looking for a place to rest and recuperate after finishing a film, his home is having work done on it. Luke offers his home, but without telling Eve, and Rhys accepts. Rhys is at the point in his life that the novelty of so many women throwing themselves at him has worn off, the one night stands and short relationships are no longer what he wants. After getting over the initial shock of finding that they are going to be sharing a house, Rhys and Eve find themselves attracted to each other, but will it develop into anything more meaningful? Their developing relationship is lent a deadly edge as lurking in the background is a dangerous man stalking Eve.

Meg Tilly writes a suspenseful and tense romance with characters that will appeal to many readers looking for escapist and feel good reading fare. The location provides the perfect background for the novel, and the cafe environment provides the atmosphere of a small community where most people know each other. An entertaining read for those looking for romance with elements of thrilling suspense. Many thanks to Little, Brown for an ARC. ...more

Cliff's Edge Meg Tilly

Eve Harris is house sitting and running their restaurant/bakery on her own while her sister Maggie goes off on her honeymoon. What she doesn't know is that her brother-in-law is allowing Rhys Thomas, the famous heartthrob actor to stay at their house as well. Of course, as this is a romance, sparks fly and despite Eve's reservations about getting involved with someone famous, they plunge into an affair. Or what she thinks is an affair, since she's had bad luck with the famous sort in the past.

R Eve Harris is house sitting and running their restaurant/bakery on her own while her sister Maggie goes off on her honeymoon. What she doesn't know is that her brother-in-law is allowing Rhys Thomas, the famous heartthrob actor to stay at their house as well. Of course, as this is a romance, sparks fly and despite Eve's reservations about getting involved with someone famous, they plunge into an affair. Or what she thinks is an affair, since she's had bad luck with the famous sort in the past.

Rhys is actually more serious about their relationship since he tired of the one-night stands and shallow flings, a "bonus" to being famous, a long time ago.

It ends up being a fortunate thing that Eve is staying at her sister's house with Rhys since unbeknownst to her she's become the obsession of a stalker/serial killer. When it becomes apparent someone is after Eve, Rhys is determined to keep her safe.

Cliff's Edge was an entertaining read, something to take along to the beach or pool as light reading while intermittently people watching. While this is a mystery/thriller, it's heavier on the romance side, with a lot of heat and spice. I will say I was feeling a bit overloaded with the flowery descriptions, enough that it was distracting me from the actual story and emotions I felt should be coming through in parts. Also, I felt the romance and sex scenes were a little dramatic and cheesy at times.

I did love the setting of Solace Island, a small picturesque island off the coast of Seattle, forests leading to seaside cliffs and gorgeous views of the Pacific Ocean. The beauty came through in Ms. Tilly's writing.

A copy was kindly provided by Berkley in exchange for an honest review. ...more

This was my first introduction to Meg Tilly's writing, and I honestly wish that I would have discovered her sooner. I was completely entranced with her spellbinding story. Additionally, I did not read Solace Island prior to reading Cliff's Edge, which is not a necessity.

Maggie and Luke are finally able to take their delayed honeymoon leaving Maggie's sister Eve Harris to house sit their gorgeous home on Solace Island (in the Pacific Northwest) while they are away. Maggie and Eve are incredibly c This was my first introduction to Meg Tilly's writing, and I honestly wish that I

Cliff's Edge

would have discovered her sooner. I was completely entranced with her spellbinding story. Additionally, I did not read Solace Island prior to reading Cliff's Edge, which is not a necessity.

Maggie and Luke are finally able to take their delayed honeymoon leaving Maggie's sister Eve Harris to house sit their gorgeous home on Solace Island (in the Pacific Northwest) while they are away. Maggie and Eve are incredibly close and run The Intrepid Cafe and Bakery together. Maggie is the pastry chef master while Eve oversees its finances and administration. This is far from Eve's dream job since she is a painter, but her art isn't selling outside of her family and close friends. The bakery is making money, but the increasing amount of debt is a constant source of stress for Eve. To make matters worse, Eve's love life is non-existent following her break up with her musician boyfriend Levi who only wanted to pursue the thrills of the rockstar lifestyle.

Eve decides that she's going to use this house-sitting opportunity to just relax, paint, and not think about all of her problems. There's only one teensy tiny problem. Luke also promised the house to the gorgeous, famous actor (and his best friend) Rhys Thomas, which Eve was unaware of. While the situation is less than ideal, especially since Eve is staving off all men, she decides to give their temporary living arrangement a chance when she realizes that Rhys is actually a pretty good cook, and she could really use the help running the cafe while Maggie is away. Things begin to heat up between Eve and Rhys as they begin to get to know each other, but their relationship is put to the test as danger looms over Eve.

Unbeknownst to both Eve and Rhys, Eve has been selected as the next victim for a mysterious murderer whose POV comes up throughout the story. Reading the murderer's POV was incredibly chilling. He describes how Eve must be punished for frivolously giving away her affections and the lengths he will go to in order to claim her as his.

This book was everything that I wanted in a romantic suspense. I loved watching the development of Eve and Rhys's relationship because both of these characters have a background filled with betrayal and heartbreak and neither one trusts easily. They each have to face their past ghosts and break down the barriers surrounding their hearts. I also loved that I was completely in the dark about the person who was stalking Eve. It was so creepy to read his chapters because it was like watching a game of cat and mouse except Eve was completely unaware of the danger she was in. I was guessing all the way until the end, and I was still taken by surprise.

Overall, if you're looking for a steamy romance that is also a heart-pounding thriller then you don't want to miss this epic story. I can't wait for Meg Tilly's next book!

Thank you to Berkley publishing for an eARC through First to Read. This did not influence my review. All opinions are my own.

What a lovely surprise! I loved this sexy and funny and warm romantic suspense. Fans of Kristen Ashley will devour this one.

Eve Harris is left alone to run a cafe that she owns with her sister Maggie when Maggie goes on her honeymoon. Eve is also going to dog sit for Maggie and her husband Luke's Wolfhound Samson. Soon after Eve arrives, though, she realizes that there is another house guest: Luke's old friend Rhys, a famous actor who is seeking some much-needed some peace and quiet in the small town of Solace Island.

Eve has had her heart broken and isn't interested in men. But she enlists Rhys to help her run the cafe while Maggie is away and soon their banter and flirting turns into something more. Eve isn't interested in being just a fling but Rhys and Eve have fabulous chemistry and soon he falls in love with the gorgeous Solace Island and the beautiful, funny and artistic Eve.

“However, for the record, I’m tired of short-term. Am looking for something more. Whether that’s something more is you?” He shrugged. “Who knows? But I’m not so chickenshit that I’m going to tuck tail and run without exploring if there’s a possibility for something more.”

But Rhys isn't the only one interested in Eve. There is a criminal lurking around Solace Island and he has his sights set on Eve.

'Cliff's Edge' is an engaging and lively story with lots of action and sexy, steamy romance. This was my first book by Meg Tilly and I enjoyed every minute. I was surprised at the well-written romantic scenes and the absorbing characters. While the second book the 'Solace Island' series, this book can be read as a complete standalone. If you are looking for a low-angst, sexy and witty story with adult characters with adult issues and concerns, then you will love this book. And read through the Acknowledgments for a lovely surprise from the author! I highly recommend this captivating and romantic tale.

Home is not a physical place, he thought, smiling up into the darkness. It’s a state of being. And

Cliff's Edge

right now, in this very moment, I am home.

I loved returning to Solace Island!

This author's way of telling a story had me once again with my head down, glued to the pages, until it was all over. Cliff's Edge had just the right amounts of humour, suspense and romance as Eve found her calling. In life and love!

Eve was a bold, bright character I fell in love with in the first instalment of this series. She was artistic yet grounded in a way that kept her feet on the ground. She worried about living up to her role as big sister and that fed I loved returning to Solace Island!

This author's way of telling a story had me once again with my head down, glued to the pages, until it was all over. Cliff's Edge had just the right amounts of humour, suspense and romance as Eve found her calling. In life and love!

Eve was a bold, bright character I fell in love with in the first instalment of this series. She was artistic yet grounded in a way that kept her feet on the ground. She worried about living up to her role as big sister and that fed her anxiety unfortunately as she felt overwhelmed by the choices she'd made. She loved the island and the artistic freedom it gave her but the cooking! Not so much. I sympathized with her skills in the kitchen and laughed along with her as she moaned her lack of culinary skills. Rhys was an unexpected gift as his need for solitude, and skills in the kitchen, met both their needs!

I loved how their story played out. Two artists with very different paths came together in a meeting of the minds as well as the kitchen. They were flirty and serious yet but the combination worked as they came together at the caf  as well as uniting against an unknown enemy. The unfolding of the mystery went hand in hand with the romance and it came together in another great read.

I hope there is more from Solace Island because I don't want to leave! ~Diane, 4.5 stars ...more

Cliff's Edge Patrick Swayze

This book wasn't for me but it was present to me has a suspense romance... and... not so much. I would classify it has romance with a slight little twist in it. If you're a fan of thriller I don't think that this is the right book, but if you like romance, and want something a bit different, with a little thrill to it, then this might be worth looking at. I don't read romance, don't like it and don't enjoy reading those, so all the romance was unpleasing to me. For me this book is a 2/5, for the writing which is a good average writing style for this kind of book. But I really think that for romance reader this could achieve a 3,5/5. So i will rate it a fair 3/5, knowing that the romance part wasn't for me without being badly done! ...more

I'm enjoying seeing where this series is progressing and how the author's voice is growing. This is a rather unique contemporary romance, as it is equal parts small town romcom and romantic suspense, which are tonally tricky genres to intertwine. Somehow, though, it comes together for me, and I enjoyed equally the forced proximity trope with a stalker suspense plot. All in all, I've enjoyed both books I've read from this author and would read more in the future

Cliff's Edge Song

Cliff's Edge by Meg Tilly was a well-crafted and spine tingling romantic suspense that kept me turning the pages. I got this book on Tuesday from my library and finished it this morning. I'm already looking forward to the next book in this series.

*** I received this book when there was a Penguin First Program and publishers in exchange for an honest review. Thank you so much to Penguin First Program and Berkley Publishing for the opportunity to read and review Cliff's Edge.

Ahh yes, I was so glad and happy that I get to read and come back to the beautiful Solace Island in the Pacific Northwest, ohh how much I missed reading this small island. And I was so happy to read this amazing campion novel of Solace Island which this book was about *** I received this book when there was a Penguin First Program and publishers in exchange for an honest review. Thank you so much to Penguin First Program and Berkley Publishing for the opportunity to read and review Cliff's Edge.

Ahh yes, I was so glad and happy that I get to read and come back to the beautiful Solace Island in the Pacific Northwest, ohh how much I missed reading this small island. And I was so happy to read this amazing campion novel of Solace Island which this book was about the spit-fire and very sassy older Harris sister Eve. I was jumping up and down with joy when I saw this was Eve book, Eve Harris was by far my favorite sister she is a really strong, very loyal and independent woman and she tells it how it is bluntly to everybody. Plus I love the beautiful and lovely sisterly relationship she had with Maggie, Eve is also an overprotected older sister as well. I connected more with Eve with everything she reminds me of so much of me and I feel like she is my spirit animal. I don't want to get to spoiler but in Cliff's Edge Maggie goes on her honeymoon and leaves Eve house sitting and to take care of the bakery all by herself. Which Eve is petrified to take care of the bakery by all to herself because she is so not great in baking goodies like her little sister Maggie. But Eve tries her best in the bakery while her little sister is on her honeymoon, while Eve is also house-sitting for Maggie and Luke she gets an unexpected roommate in Maggie and Eve house. Eve thought he was a thief trying to steal stuff in Maggie and Luke house and she takes care of him real quick. But the stranger quickly said that he was a friend of Lukes and that Luke said that it was alright that he lays low at his house. Maggie didn't believe him until she talked to her brother-in-law over the phone and sure enough, Luck confirms what Rhys Thomas was saying to Eve. Eve let him go and at first Eve didn't know who Rhys Thomas was until he told her he was a famous actor and on how he met Luke and become friends with him. I love the banter that both Eve and Rhys had and you could tell that both these characters had a deep attraction with each other and flirty with each other all the time. The more time Eve and Rhys spend together the more their feelings and emotions grow for each other each passing day. Now Rhys is not the only person that has his eyes on Eve there is a very evil and vindictive and obsesses stalker who is after Eve and want her all to himself

Cliff's Edge

and do terrible things to Eve. There is always danger surrounding the Harris sisters and now the danger was lurking close to Eve and Rhys can both of them help each other in time you have to read Cliff's Edge and find out what happens next to Eve & Rhys. All and all I loved and enjoyed everything about Cliff's Edge that I do want to read the next campion book of the Solace Island series when it comes out!

Cliff's Edge Brunch

3.5 Stars!

“Her life was about to change. She just didn’t know it yet.”

Cliff’s Edge is my first book by this author and won’t be my last.

Told from multiple points of view, Cliff’s Edge follows the story of Eve and Rhys. When Eve’s sister goes on her honeymoon, she finds herself house-sitting. Only when she arrives, she finds the house is already occupied by none other than Rhys Thomas. Not only is he a movie, but he’s also friends with Eve’s brother-in-law. He’s looking for a place to unwind and get away from it all. And he’s not about to let Eve’s presence stop him from getting the sanctuary he so desperately is looking for. The time Rhys and Eve spend together, the closer they become. Little do they know that their entire worlds are about to be turned upside down!

Overall, I thought this was a really good read. I loved the idea of the story and I was certainly sucked into it. I enjoyed getting to know the characters and loved seeing them all interact. I thought this story was paced well and I enjoyed not only the romance, but the suspense element. I really liked getting the villains point of view and the suspense kept me glued to the pages. While this is the second book in the Solace Island Series, it can totally be read and enjoyed as a stand-alone novel.

As I previously stated, this is my first book by this author and I look forward to checking out more from her in the future.

I was provided an ARC copy of this book via the publisher & NetGalley, in exchange for an honest review ...more

Cliff’s Edge by Meg Tilly is the 2nd book in her Solace Island romance suspense series. In the first book, we met Eve Harris, who is Maggie’s (first book heroine) sister, and knew this second book would be about her. Eve is a painter by trade, but is just starting out trying to sell her pictures, and becomes co-owner of the new Intrepid café with Maggie. Maggie is a great cook and baker, and Eve

Cliff's Edge

(who can't cook) takes care of everything else. When Maggie and her husband Luke (last book hero) leave for a two-week honeymoon, Eve is left finding a way to cook and keep things running smoothly at the café. She also leaves her apartment, to stay at her sister's house to house sit and take care of their dog.

Rhys Thomas, our hero, is a movie star who has just completed his work on a movie, and decides to take a vacation, and goes to stay for two weeks at his friend Luke's house on Solace Island. Of course, unbeknownst to him, someone else is there when he arrives, and he is accosted by Eve, thinking he is a burglar. When they both realize that both Maggie and Luke accidentally offered their home to them, they decide to co-exist in the house for the duration of the two weeks. At first Eve, who finds Rhys hot, wants nothing to do with a movie star, who she feels is a womanizer and always traveling. But she discovers he is a great cook, and pushes him to have fun at her café and help cook, which he does accept.

In a short time, neither of them cannot resist their combustible attraction to each other and a sizzling romance begins. I loved Eve and Rhys together, as their chemistry was off the wall. While they work at the café, enjoy each other's company, a murderer has his eyes on Eve. We do get a few POVs on the killer's mindset, and his determination to make Eve his next victim. I will say that I thought early on, the murderer was someone we knew, but it turns out to be a surprise that was not anyone I would have guessed. There were a few small incidents within the café or Eve's apartment, that made Rhys bent on protecting Eve; especially after another murder of someone close to Eve. As I noted earlier, the suspense was not the forefront of the story, but was very well done.

The romance between Rhys and Eve was sweet and fun, as we watched them both slowly falling deeper in love. Their romance heats up, and the danger escalates for Eve, as we race to an exciting and suspenseful climax. I do not want to give spoilers, as you will need to read this book to discover who the culprit was.

Cliff's Edge was a fun, enjoyable and captivating read, as well as having a wonderful couple, great secondary characters, with a sweet romance and mystery. Meg Tilly once again gives us an excellent romance suspense to enjoy. This reads very well as a standalone, but I suggest you start with the first book to enjoy Maggie and Luke's story. I wholly recommend you read the Solace Island series.

Meg Tilly has outdone herself! Great mystery, great romance told from three different points of view. I knew I was never going to guess who the bad guy was, but I appreciated the POV to get into that head space as well. I am a suspense, thriller lover, but when it's combined with a romance I know I'm going to not be stuck in the dark for too long when the romance keeps the light in. I fell in love with Eve in Solace Island and was so happy when the news of Cliff's Edge came out and I knew I was Meg Tilly has outdone herself! Great mystery, great romance told from three different points of view. I knew I was never going to guess who the bad guy was, but I appreciated the POV to get into that head space as well.
