

The background features a complex network of white nodes connected by thin white lines, set against a gradient background that transitions from dark purple at the top to a bright pink at the bottom. The nodes are scattered across the frame, with some forming distinct geometric shapes like triangles and polygons. The overall aesthetic is modern and digital.

Wicked Fox

Wicked Fox Book

A fresh and addictive fantasy-romance set in modern-day Seoul.

Wicked Fox Theater

Eighteen-year-old Gu Miyoung has a secret--she's a gumiho, a nine-tailed fox who must devour the energy of men in order to survive. Because so few believe in the old tales anymore, and with so many evil men no one will miss, the modern city of Seoul is the perfect place to hide and hunt.

Wicked Fox Theater St Louis

But after feeding one full moon, Miyoung crosses paths with Jihoon, a human boy, being attacked by a goblin deep in the forest. Against her better judgment, she violates the rules of survival to rescue the boy, losing her fox bead--her gumiho soul--in the process.

Wicked Fox Kirkus

Jihoon knows Miyoung is more than just a beautiful girl--he saw her nine tails the night she saved his life. His grandmother used to tell him stories of the gumiho, of their power and the danger they pose to humans. He's drawn to her anyway.

Wicked Fox Excerpt

With murderous forces lurking in the background, Miyoung and Jihoon develop a tenuous friendship that blossoms into something more. But when a young shaman tries to reunite Miyoung with her bead, the consequences are disastrous . . . forcing Miyoung to choose between her immortal life and Jihoon's.

A girl who kills to survive.

A boy captured by goblins, saved by a killer.

A choice - an immortal existence for a single human life.

Don't know about you, but I have high hopes for this one. I love that it's centered on Korean mythology set in the modern world - this is going to be amazing!

dear kat cho, when will the cover for this be revealed? i'm predicting something to look like it came out of a kdrama or a korean webtoon or korean comics or something that fits the description of the book, like the whole korean mythology set in modern day seoul aspect. i'm just . . . trying to stay as patient as i can.

Fun facts:

Wicked Fox

- It is told from dual POV
- Miyoung was a name my halmoni suggested my sister name my niece (which may or may not be because my niece is a gumiho O.o)
- It had 500% more food scenes, but I had to cut a bunch. Don't worry there are still a decent amount of food scenes.
