

The background features a complex network of white nodes connected by thin white lines, set against a gradient background that transitions from dark purple at the top to a bright pink at the bottom. The nodes are scattered across the frame, with some forming larger, more interconnected clusters than others.

Heart of Ice

Heart of Ice

By Gregg Olsen

Heart Of Ice Gungeon

"Gregg Olsen is one of the best."--Allison Brennan

Heart of Ice

Heart Of Ice Quotes

"Olsen brings his vast knowledge of the criminal mind

to the fictional stage."--Anne Frasier

Heart Of Ice Meaning

Three bodies, three different towns. Each victim was a sorority girl--pretty, privileged, and brutally murdered. There are no fingerprints, no clues. He is scrupulously careful, craving those exquisite seconds when the light fades from his victim's eyes. But the rush never lasts, and the killing won't stop--not until one special woman has been made to suffer. . .

Heart of Ice

Heart Of Ice Lyrics

Praise for Gregg Olsen's Novels. . .

Heart of Ice

Heart Of Ice Song

"Grabs you by the throat."

--Kay Hooper

Heart of Ice

Heart Of Ice Book

"Wickedly clever! Genuinely twisted."--Lisa Gardner

Heart of Ice

Heart Of Ice Eq

"As good as it gets."--Lee Child

Heart of Ice

Heart Of Ice Runescape

"An irresistible page-turner."--Kevin O'Brien

Heart Of Ice Side Mission

I actually read this book out of order. There is a book that comes before it called A Cold Dark Place. However, both books were awesome and I think you could read them both as stand alones without getting confused. This book doesn't go too far into detail about the end of A Cold Dark Place that it will spoil the story for you. Plus I read them several months apart so that helped. Here is what I loved about this book: First, you get two scintillating mysteries for the price of one. It starts out with Sheriff Emily Kenyon searching for a missing pregnant woman in her small Washington town. Shades of Lacy Peterson. In fact, the missing woman's husband, Mitch Crawford comes off as incredibly cold and narcissistic, making him the prime suspect. As Emily tries to put together a case against him with the help of her deputy Jason and her love interest, former Seattle detective Chris Collier, her daughter becomes the focus of an altogether different killer. A man is stalking Jenna's sorority sisters and brutally murdering them. Jenna doesn't realize until very late in the book that she too is the focus of a frightening and deeply disturbing killer. The plot weaves in and out of the lives of the main characters, telling the story of two killers, both motivated by very different things but each one with a heart of ice! So yes, the title is quite apt.

In fact, what Olsen does best in this novel is show the evolution of a cold-blooded killer. This book answers the questions how can a seemingly normal family man carry on with a perfectly normal life and be a horrific killer? How does that work? How can the wife of a serial killer not know that this person is doing all of these horrible things? Weren't there signs? Olsen answers these questions in this book and it is positively fascinating. Deeply disturbing but fascinating. Olsen puts you right inside the mind of a killer like no author I've ever read.

This is a fantastic book. You get multiple mysteries, a psychological study in serial killers, relatable, likeable protagonists and lots of twists and turns!

...more

Only fair story of not one, but two, crazed psychopathic killers on the loose. While this book was well written, for some reason I could not get into it. Maybe there's just too many crazed psychopathic killers running loose in fiction these days, or maybe it was because the lady sheriff and the lady DA focused on an obnoxious but innocent man to the exclusion of everything else and came off looking like twits. I would only recommend it to hardcore Olsen fans.
